Manchester Students 7's Tournament

On Wednesday 20th March Trafford MVRFCC hosted the annual Manchester Student 7s Tournament. This is a joint venture between the Lancashire Development Centre , TMV and Manchester Met Uni and UoM sport development programme.

Over 60 players took part in a round robin tournament , which ended an MMU side coming out as winners but the key element of the day was the spirit of enjoyment in which the games were played . The weather was good and the students all got plenty of game time . Another feature of the day was the project to develop young referees , one of whom refereed his first game at the tournament. Lucy Simper and her team from the Student body and Bernard

Millington with his volunteers from TMV worked very hard to ensure the day was a big success .

Mark Nelson Lancashire Development Centre Manager said

“ this is another great example of how the county are facilitating the game in the key age group of development and keeping players in the game and providing opportunities for students to play rugby and also linking them to clubs within the Lancashire , we are leaders in the country in innovative projects such as this , and we will be announcing our summer programme in the near future “

Please feel free to download and distribute to your members or print and display in your club.
